COP Boot and Pigtail & Socket Assortments

Have the parts you need at your fingertips!

As wire sets disappear from vehicles, coil-on-plug technology is an important part of ignition systems. Coil boot replacement is part of maintaining a properly tuned engine. This product category will be at the forefront in the years to come.

- Tight weatherproof boot seal protects against moisture intrusion
- High temperature material provides greater protection from thermal overload
- Engineered to the specifications used by the original vehicle manufacturer for exacting fit
- Stainless steel internal spring with resistor* to suppress RFI and deliver maximum voltage to the plug
- Improves gas mileage performance
- Limited lifetime warranty

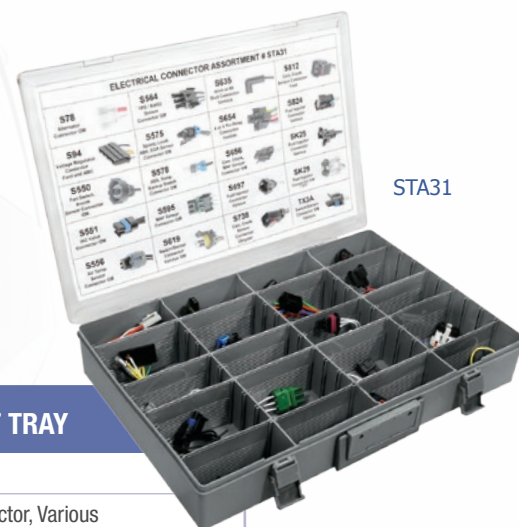

* As specified by Original Equipment manufacturers for designated applications
